

# NORTHERN LIGHTS, INCORPORATED

**Subject:** Rate Schedule 3

**Description:** Large Power - Primary

**Date Approved:** December 20, 2010

**Availability:** Available to the members of Northern Lights, Inc. for Large Power use, subject to its Member Service Policies. Service shall be provided and metered at Primary Voltages.

**Type of Service:** Three phase, 60 cycle, at standard available voltages. Consumers receiving service under this schedule will provide all transformers and take service at 300 KVA or greater. Northern Lights, Inc. will meter accounts under this rate schedule at primary voltages or at secondary voltages by mutual agreement.

**Rate Schedule:**

<b><u>Basic Charge:</u></b>	<b>Three Phase</b>	<b>\$ 130.00</b>
<b><u>Energy Charge:</u></b>	<b>All kwh</b>	<b>\$ 0.0442</b>
<b><u>Demand Charge:</u></b>	<b>Per KVA</b>	<b>\$ 5.78</b>

**Minimum Monthly Billing:**

The minimum monthly charge for each account shall be the HIGHEST one of the following charges:

1. The sum of the Basic, Demand and Energy charges **or**
2. The Minimum Monthly Charge specified in a contract for service **or**
3. A charge of \$ 0.75 per KVA of required transformer capacity.

**Determination of Billing Demand**

The billing demand shall normally be the maximum kilovoltampere (KVA) load used by the consumer, as indicated or recorded by a demand meter.

**Other Information:**

Each Member with installed service, whether energized or not, shall pay the above described basic charge.

A penalty charge of \$5.00 or 1%, whichever is greater, shall be charged on any balances remaining unpaid after the 23<sup>rd</sup> of each month.

Adopted by the Board of Directors at the December 20, 2010 Board Meeting, to be effective after the December 2010 scheduled billing.
